

## Managing the courses displayed in My Courses

Instructions for customizing the My Courses module in Blackboard.

1. On the Home page of your Blackboard dashboard, hover the pointer over the top right corner of the “My Courses” module. This will display the gear icon.

2. Click the gear icon to go to the **Personalize: My Courses** page. Under **Edit Course List** you can manually set which courses will be displayed, what information will be displayed for each course, and what order the courses are in. Click **Submit** when you are finished.
